Your brand matters.

Enhance your company's visibility to the largest manufacturing sector in Canada.

Help make a difference...

4.4 million Canadians are food insecure and struggle to put enough food on the table.

There was a total of **1,935,911 visits** to food banks across Canada in March 2023 – up **32%**

33% of food banks users in Canada **are children**, while only representing **20%** of the population

Seniors represent **8%** of Canadian food banks users, with the rate of increase far outpacing other age groups.

42.4% of Canadian food banks users are on **social assistance or disability-related supports** as their main source of income

All Proceeds in Support of Food Banks Canada

Food Banks Canada is entirely dependent on the support of donors. Without our help, they would be unable to provide large-scale donations to their network of 10 Provincial Associations and more than 500 affiliate food banks across Canada.
